OBJECTIVE

Information Technology undergraduate with hands-on experience in full-stack development and machine learning. Seeking a Software Development Engineer role to apply programming, problem-solving, and software development skills in building scalable applications. .

EDUCATION

Qualification	Year	CGPA
Government College of Engineering, Karad B.Tech (IT)	2023–2027	7.87

SKILLS

Languages: C++, Java, Python, SQL

Technologies: Node.js, Express.js, FastAPI, REST APIs, HTML, CSS

Tools: Git, GitHub, VS Code, MongoDB Atlas, Streamlit

Core CS: DSA, OOP, DBMS, Operating Systems

PROJECTS

College Rules Chatbot

- Developed an AI-powered chatbot to answer college rules and regulations queries.
- Built the application using Python and Streamlit with an interactive user interface.
- Implemented natural language query handling for quick and accurate responses.
- Improved accessibility by providing instant responses without manual document searching.

AI-Based Diabetes Prediction System

- Developed a machine learning-based system to predict diabetes risk using healthcare parameters.
- Trained and evaluated Logistic Regression, Random Forest, and SVM models.
- Built an interactive Streamlit interface for real-time prediction.
- Implemented data preprocessing and model evaluation techniques.

EXPERIENCE

Quick Heal Foundation

May 2026 – July 2026

AI & Full Stack Development Intern 

- Developed backend modules for a Calendar Planner & Task Management System using Node.js, Express.js, and Supabase.
- Implemented JWT-based authentication, REST APIs, user management, analytics, and report generation features.
- Collaborated with an 8-member team for database management, testing, deployment, and version control using GitHub.

IFS India Mercantile Pvt. Ltd.

June 2024 – July 2024

Python Intern

- Developed Python scripts to automate repetitive workflows.
- Assisted in debugging and optimizing existing applications.
- Participated in testing and code enhancement activities.

ACHIEVEMENTS

- Participated in Smart India Hackathon (SIH).
- Presented a technical project at Avishkar Research Competition.
- Developed and deployed a full-stack Calendar Planner application during internship.

LEADERSHIP & ACTIVITIES

- Vice Secretary, ITSA (Information Technology Students Association) 2025–26.
- Coordinator, Avishkar Technical Event.
- Member, Cyber Security Club.
